Lieut. C. J. Lambertsen
48th Officers Training Class
Carlisle Barracks, Penna.

Dear Chris:

When writing to us on March 16th, you indicated that you hoped to send us a written description of the new unit for the use of our Patent Attorney some time prior to the end of March.

We know you are extremely busy and it is with some reluctance that we write you. However, if you can find a little time in which to write this up, we would appreciate it.

With all good wishes, we are

Cordially,

Allen M. Russell, Vice Pres.
THE OHIO CHEMICAL & MFG. CO.
